**REMARKS**

Applicants request entry of this amendment in adherence with 37 C.F.R. §§1.821 to 1.825. This amendment supplements the floppy disk containing the above named sequences, SEQ ID NOS:1-278, in computer readable form, and a paper copy of the sequence information which has been printed from the floppy disk which was submitted on July 9, 2001. The Examiner correctly pointed out the omission of sequence identifiers for those sequences found in Tables 1 and 2 in the Office Action mailed June 19, 2002. The enclosed amended Tables 1 and 2 correct this omission by insertion of the correct sequence identifiers. The sequences found in Tables 1 and 2, as here amended, only contain sequences found in the previously submitted Sequence Listing. Therefore, no new CRF or paper copy of the Sequence Listing is required. This amendment also corrects the placement of Tables 1-6 and the informal "SEQUENCE LISTING" to the pages immediately before the claims. This amendment contains no new matter.

Attached hereto is a marked-up version of the changes made to the Specification by the current Amendment. The attached pages are captioned "**VERSION WITH MARKINGS TO SHOW CHANGES MADE.**"
